

Ticks off outdoor irritants

**All natural actives**

Reduce antibiotic use

**Contains Ectogon-284®**

Supporting performance & profitability

**Supporting performance & profitability**

Providing essential nutrients to support health & production

**Weight: 25kg**

**Feeding rate: 1 tub per 10 cows for 4 weeks**  
(approx. 85g per head/day)

**Suitability: Cattle**

**EST. days worth: 294**

**EST. price per head/day: \$0.41**

- 9.00% Calcium
- 3.00% Phosphorus
- 3.00% Magnesium
- 16.50% Sodium
- 250mg/kg Iodine
- 20mg/kg Cobalt
- 1,000mg/kg Copper
- 1,500mg/kg Manganese
- 2,000mg/kg Zinc
- 1000mg/kg Protected Zinc
- 12.50mg/kg Selenium
- 110,000iu/kg Vit A
- 22,000iu/kg Vit D3
- 250 iu/kg Vit E

Features	Benefits
Contains Ectogon-284®	Patented technology that contains key ingredients that safely alter the animals basic physiology to diminish the attraction of flies, ticks and other blood-seeking parasites.
Full spectrum of minerals, trace elements & vitamins	Support all round cover to help promote health and production.
Anti-inflammatory ingredients	Reduces skin irritation and animal rubbing.
Helps improve skin integrity	The skin promoting properties such as Zinc encourage healthy hair regrowth & promotes healthy skin condition.

**Notes:**

- \* Help maintain live weight gain, incorporate into existing feed program
- \* No handling or use of chemicals, eliminate labor cost with easy to use tub
